Blocking with Alloy?

Cad-Con 1000™ wastewater treatment

An inexpensive and easy to use treatment for cadmium and lead disposal. Separates lead and cadmium from wastewater and settles it so that water can be poured down the drain. Creates a sealant on the cadmium and lead particles that makes them inactive and safe for solid disposal. Part #s 1000 - **\$294.23**, 8 lbs. & 1001 - **\$51.29**, 1 lb.
